

Contour Lines Corp

WORKING AGREEMENT FOR AGROFORESTRY PROJECT

Contour Lines Corp (“Contour Lines”) is a non-profit dedicated to agroforestry, sustainable land use, soil and water regeneration, and improving livelihoods. We collaborate with landowners (“project recipients”) who understand and agree to the following terms to ensure the success of our shared agroforestry efforts.

Project Objective: To establish agroforestry systems that implement soil conservation practices to ensure the long-term health and survival of trees and the regeneration of soil and water.

This document serves as a mutual agreement outlining the responsibilities and expectations of both parties involved in the agroforestry project. By signing, both Contour Lines and the project recipient commit to fulfilling their respective obligations to ensure the success of the project.

What Contour Lines Provides:

1. Trees: We will supply the tree seedlings required for the project.
2. Technical Training: We will provide training in the following areas:
 - o Site design
 - o Excavator operation
 - o Tree planting
 - o Agroforestry maintenance

By signing this agreement the recipient of the Contour Lines Project acknowledges that they have voluntarily accepted the project and agree to adhere to the following conditions.

Project Recipient Responsibilities- Soil Conservation Practices

1. **Excavation & Swale Construction:** The recipient will procure and operate equipment to ensure the creation of berms and swales on contour before allocation of trees.
2. **Tree Planting & Maintenance:** The recipient will plant trees on contour immediately upon receipt at a maximum spacing of 3 feet between trees. In future years prune trees to regulate shade, and provide mulch.
3. **Soil Management:** The recipient must keep soil covered with mulch and/or cover crops to protect the soil from erosion and maintain soil fertility.
4. **Organic Weed Management:** The recipient will clean the site using mechanical tools and equipment, and not use herbicides or other chemical treatments.

Project Recipient Responsibilities- Organizational Responsibilities

5. **Efficient Communication:**
 - o Appoint a primary contact person who will be responsible for communication with Contour Lines and ensure the smooth flow of information between both parties.
 - o Provide meals and, if necessary, lodging for Contour Lines staff during site visits.
6. **Community Involvement:** Organize a group of 3-5 helpers to assist with the work on-site and participate in training and workdays.

Signatures: By signing below, both parties acknowledge and agree to the terms outlined in this agreement
